About Me

- Passionate and dedicated developer with experience in web and software development. Proficient in HTML, CSS, JavaScript, Java, Python, C, C++, SQL, and MongoDB. Skilled in building efficient, user-friendly applications and continuously learning new technologies to enhance my expertise. Eager to contribute innovative solutions and collaborate on impactful projects.

Education

- **St.Andrew's High School**
10th class (SSC):84.20
- **St.Ursula's Higher Secondary School**
12th class (SSC):64.20

Projects

- **Apartment Management System**
A JavaFX-based application for managing apartments, tenants, and payments.
 - Developed a user-friendly interface using JavaFX.
 - Integrated a MySQL database for storing tenant, owner, and payment details.
 - Implemented CRUD operations for managing apartment data efficiently.
 - Ensured seamless scene switching between different management sections.
- **Hotel Landing Page**
A responsive and visually appealing landing page for a hotel website.
 - Designed using HTML, CSS, for a modern UI.
 - Implemented responsive layouts to ensure compatibility across devices.
 - Included sections such as About, Services, Rooms, Contact, and Booking Form.
 - Enhanced user experience with animations and interactive elements.
